As provided in each Disclosure Certificate, this Annual Report is being prepared for publication with the Electronic Municipal Market Access (“EMMA”), for the benefit of the owners of the Bonds and the participating underwriters. Capitalized terms used herein which are not otherwise defined shall have the respective meanings specified in each Disclosure Certificate.

FINANCIAL INFORMATION AND OPERATING DATA

The Financial Information is a requirement of each Disclosure Certificate and consists of updated versions of the financial information and operating data contained in certain tables within the Official Statements.

State Funding Received

The table below shows the State funding received by the College District for the last completed Fiscal Year.

DESERT COMMUNITY COLLEGE DISTRICT STATE FUNDING RECEIVED Fiscal Year 2024-25

<i>State Apportionment</i>	<i>State Grants</i>	<i>State Taxes and Other Revenue</i>	<i>Total</i>
\$5,378,948	\$17,804,352	\$91,944,075	\$115,127,375

Source: Desert Community College District.

Full Time Equivalent Students

The following table shows the College District's Full Time Equivalent Student ("FTES") counts for the last completed Fiscal Year.

DESERT COMMUNITY COLLEGE DISTRICT FULL TIME EQUIVALENT STUDENTS⁽¹⁾ Fiscal Year 2024-25

<i>Funded FTES⁽²⁾</i>	<i>Unfunded FTES⁽³⁾</i>	<i>Total FTES</i>
10,344.92	-	10,344.92

⁽¹⁾ One FTES is equivalent to 525 student contact hours, which is determined based on a State formula of one student multiplied by 15 weekly contact hours by 35 weeks. Accordingly, the number of FTES in the College District may not equal the number of students enrolled in the College District. Reflects resident FTES counts only. Non-resident FTES are generally excluded from State funding formula calculations.

⁽²⁾ In each fiscal year, the State budget will establish an enrollment cap on the maximum number of FTES, known as the "funded" FTES, for which a community college district will receive a revenue allocation, as determined by the program-based model. A district's enrollment cap is based on the previous fiscal year's reported FTES, plus the growth allowance provided for by the State budget, if any. All student hours in excess of the enrollment cap are considered "unfunded" FTES.

⁽³⁾ Unfunded FTES amounts are the product of increased enrollment coupled with lower State funding levels.

Tax Delinquencies

The Board of Supervisors of each of the Counties has approved the implementation of the Teeter Plan. Under the Teeter Plan, each of the Counties apportions secured property taxes on an accrual basis when due (irrespective of actual collections) to local political subdivisions for which each such county acts as the tax-levying or tax-collecting agency. The *ad valorem* property tax to be levied by each of the Counties to pay the principal of and interest on the Bonds is currently subject to the Teeter Plan. The College District receives 100% of the *ad valorem* property tax levied to pay the Bonds irrespective of actual delinquencies in the collection of the tax by the respective Counties. The following table shows real property tax charges and delinquencies in the College District for the most recent Fiscal Year.
