The captioned 2020 Refunding Lease Revenue Bonds (the "Bonds") are being issued by the Central Valley Support Services Joint Powers Agency (the "Agency") under Articles 10 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, a resolution of the Board of Directors of the Agency adopted on September 8, 2020, and an Indenture of Trust dated as of September 1, 2020 (the "Indenture"), between the Agency and U.S. Bank National Association, as trustee (the "Trustee").

Purposes. The Bonds are being issued by the Agency for the purpose of refinancing for debt service savings two series of lease revenue bonds previously issued by the Agency for the purpose of financing the acquisition and construction of the central kitchen (the "2006 Project") of the Fresno Unified School District (the "District") of the County of Fresno (the "County") in the State of California (the "State"). In addition, a portion of the proceeds of the Bonds will be applied to pay costs of issuing the Bonds, which include the premiums for a municipal bond insurance policy and reserve fund insurance policy to be credited to the Reserve Account (defined herein). See "THE REFINANCING PLAN" and "ESTIMATED SOURCES AND USES OF FUNDS" herein.

Security. The Bonds are payable from and secured by the revenues pledged therefor under the Indenture and as more particularly described herein (the "Revenues"), consisting primarily of base rental payments (the "Lease Payments") which are payable by the District under a Facility Lease dated as of May 1, 2006, as amended by a First Amendment of Facility Lease dated as of September 1, 2020 (as amended, the "Facility Lease"), entered into between the Agency, as lessor, and the District, as lessee. Under the Facility Lease, the Agency leases the 2006 Project (also referred to herein as the "Leased Property") to the District and the District is obligated to annually budget and appropriate its legally available funds which are sufficient to make the Lease Payments, which correspond in time and amount to principal of and interest on the Bonds when due. The Lease Payments are general unsecured obligations of the District, payable from any legally available source of funds of the District, and subject to abatement under certain circumstances. See "THE LEASED PROPERTY" and "SECURITY FOR THE BONDS."

Payments. The Bonds are dated the date of delivery and mature on June 1 in each of the years identified on the inside cover page hereof. The Bonds will bear interest at the rates set forth on the inside cover hereof, payable on June 1 and December 1 of each year, commencing December 1, 2020. The principal of and interest on the Bonds will be paid by the Trustee to DTC for subsequent disbursement to DTC Participants who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS."

Redemption.* The Bonds are subject to optional redemption, mandatory sinking fund redemption and special mandatory redemption prior to maturity as described herein. See "THE BONDS – Redemption."

Book-Entry Only. Purchasers of beneficial interests in the Bonds will not receive certificates representing their interest. So long as Cede & Co. is the registered Bond owner, as nominee of DTC, references herein to the Bond owner or Owners means Cede & Co., as aforesaid, and not the beneficial owners of the Bonds. Payments of principal of and interest on the Bonds will be made directly to DTC or its nominee, Cede & Co., so long as DTC or Cede & Co. is the registered owner. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants, as more fully described herein. See "THE BONDS – Book-Entry Only System" and "APPENDIX E – Book-Entry Only System" herein.

Limited Obligations. The Bonds are limited obligations of the Agency and are payable only from Revenues and amounts available therefor from funds and accounts established pursuant to the Indenture. The Bonds do not constitute an indebtedness of the Agency, the District, the State of California or any political subdivision or agency thereof within the meaning of any constitutional or statutory provisions. Neither the faith and credit nor the taxing power of the State of California, nor any political corporation or subdivision or agency thereof, nor the faith and credit of the Agency or the District, is pledged to the payment of the principal of or interest on the Bonds.

Risk Factors. There are risks related to investment in the Bonds. See "CERTAIN RISK FACTORS" herein for a discussion of some of the factors that should be considered in evaluating the investment quality of the Bonds.

Bond Insurance. The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by **ASSURED GUARANTY MUNICIPAL CORP.** See "BOND INSURANCE" and "APPENDIX H - Specimen Municipal Bond Insurance Policy."

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Fresno Unified School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Fresno Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Fresno Unified School District, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fresno Unified School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresno Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fresno Unified School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresno Unified School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 to 23 and the General Fund Budgetary Comparison Schedule, the Schedule of Changes in the District's Net Other Postemployment Benefits (OPEB) Liability, the Schedule of Money-Weighted Return of OPEB Plan Investments, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of the District's Contributions on pages 73 to 79 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

(Continued)

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Fresno Unified School District's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and other supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and, except for that portion marked "unaudited," was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the Chief Financial Officer's Report and Organization page but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2025 on our consideration of Fresno Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Fresno Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Fresno Unified School District's internal control over financial reporting and compliance.

Board of Trustees
Fresno Unified School District
Fresno, California 93721

Dear Trustees:

I am pleased to present the financial statements for the Fresno Unified School District (the District) for the fiscal year ended June 30, 2025, with the Independent Auditors' Reports on those financial statements and the Federal and State Compliance audits. These financial statements have been prepared in conformance with the principles and standards for financial reporting set forth by the Governmental Accounting Standards Board (GASB) and confirm that the District is fiscally sound as defined by the State Controller's Office, with a General Fund balance of \$482,101,778.

The California Education Code requires the governing board provide for an annual audit made by certified public accountants licensed by the State Board of Accountancy. The licensed firm of Crowe LLP rendered the attached auditors' reports. I believe that the data, as presented, is accurate in all material respects, that it is a fair presentation of the financial position and the results of the District's operations, and that the audit satisfies the requirements of the Education Code.

The District has prepared its financial statements since 2001 using the financial reporting requirements as prescribed by Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (GASB No. 34). GASB No. 34 requires that Management provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The financial statements for the year ended June 30, 2025 present the District's sound financial condition and, along with the MD&A as well as the included note disclosures, provide the reader with an understanding of the District's financial affairs.

Respectfully Submitted,

Patrick Jensen
Chief Financial Officer

Management's Discussion and Analysis

June 30, 2025

This section of Fresno Unified School District's annual financial report presents a discussion and analysis of the District's financial performance during the fiscal year ending June 30, 2025. Readers are encouraged to consider the information presented in conjunction with the District's financial statements. This discussion and analysis provide a comparison between fiscal year 2024/25 and 2023/24.

ABOUT FRESNO UNIFIED SCHOOL DISTRICT

Located in the heart of the Central Valley, Fresno Unified School District serves more than 67,810 students K to 12th grade and 2,761 preschool students, with an additional 6,592 adult learners served through Fresno Adult School. Through high quality instruction, district programs, and services and resources, the District is focused on building college and career ready graduates among its 67 elementary schools, 14 middle schools, 10 high schools, 6 alternative schools, 3 special education schools, and one adult school. In addition, the district provides oversight and evaluation to 10 neighborhood charter schools.

FINANCIAL HIGHLIGHTS

- The primary governmental fund has a deficit net position in governmental activities totaling \$324.5 million at June 30, 2025.
- The total net position of the District increased by \$20.9 million during fiscal year 2024/25. This is mainly due to an increase in investments in capital assets offset by increases in the Net Pension Liability and utilization of one-time grants.
- Fund balance of the District's governmental funds decreased by \$168.0 million resulting in an ending fund balance of \$691.1 million. This was mainly due to utilization of the fund balance as the District plans for decreased enrollment in the unrestricted general fund.
- At the end of the 2024/25 fiscal year, the balance in the District's Unrestricted General Fund decreased by \$89.7 million resulting in an ending unrestricted fund balance of \$265.4 million. The changes were mainly due to increased utilization of the fund balance as the District plans for decreased enrollment.
- Governmental Accounting Standards Board (GASB) Statement No. 68 recognizes the District's portion of the California State Teachers' Retirement System (CalSTRS) and California Public Employees' Retirement System (CalPERS) pension liabilities, deferred inflows, deferred outflows, and pension expenses at June 30, 2025. The District recognized a net increase of \$33.4 million in the net position as a result of the changes in the net pension liability and related deferred outflows and deferred inflow of resources.

(Continued)

Management's Discussion and Analysis

June 30, 2025

- The District's long-term obligations increased by \$18.2 million to \$2.6 billion mainly due to the following: general obligation bonds increased \$9.8 million, net OPEB liability increased \$11.0 million, net pension liabilities decreased \$21.1 million, and compensated absences increased \$18.5 million.
- Compensated absences increased by \$18.5 million in 2024/25 due in part to the implementation of GASB Statement No. 101, *Compensated Absences*. While the District previously only reported vacation leave, the new standard also requires the recognition of sick leave, resulting in the increase.
- GASB Statement No. 31 requires government agencies to record the fair value of investments held by governmental external investment pools to record any unrealized gains/losses to revenue. The Fresno County investment pool reported unrealized losses of (0.42%) as of June 30, 2025. As a result, the District recognized a decrease in the fair value adjustments to cash in county treasury which resulted in a lower ending fund balance to the impacted funds by \$4.3 million.
- GASB Statement No. 75 requires an actuarial valuation of the District's Retiree Health Benefits Plan and full recognition of the total net Other Post Employment Benefits (OPEB) liability. The total OPEB liability of \$822.8 million, as of June 30, 2025, is offset with the 2024/25 net assets in the District's Irrevocable Trust for OPEB liabilities of \$91.1 million. The net OPEB liability at the end of 2024/25 is \$731.6 million. The liability increased by \$10.9 million mainly due to increased lifetime benefits for qualified employees. In addition, the District transfers \$3.5 million into an irrevocable trust from the General and Self Insurance Funds on an annual basis.
- The District maintained a positive financial position for 2024/25 as reflected by Moody's credit rating of Aa3 issued in June 2025. In its report to potential investors, Moody's Investor Services noted "Strong financial planning and conservative budgeting practices." The rating report highlights that "District officials expect long-term enrollment declines of around 1% annually, requiring ongoing spending reductions. Nevertheless, the District's finances will continue to benefit from prudent management, conservative budgeting practices and an adopted reserve policy."

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis presents an introduction to the District's basic financial statements. Comparison to the prior year's activity is provided in this document. The basic financial statements are comprised of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the basic financial statements

This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The *Government-wide Financial Statements* are designed to provide the reader of the District's Annual Financial Report, a broad overview of the financial activities in a manner similar to a private sector business. The government-wide financial statements include the *Statement of Net Position* and the *Statement of Activities*.

- The *Statement of Net Position* presents information about the District's assets and liabilities. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Over time, changes in net position may serve as a useful indicator whether the financial position of the District is improving or deteriorating.

(Continued)

Management's Discussion and Analysis

June 30, 2025

- The *Statement of Activities* presents information showing how the net position of the District changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement even though the resulting cash flow may be recorded in a future period.

The *Government-wide Financial Statements* consolidate governmental and internal service activities that are supported from taxes and intergovernmental revenues. The District's *Government-wide Financial Statements* include the following types of funds: General, Special Revenue, Capital Project, Debt Service, and Internal Service Funds.

We exclude these activities from the District's *Government-wide Financial Statements* because the District cannot use these assets to finance its operations.

Fund Financial Statements

Fund Financial Statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific objectives. *Fund Financial Statements* for the District include governmental funds and proprietary funds.

Governmental funds account for essentially the same information reported in the governmental activities of the *Government-wide Financial Statements*. However, unlike the *Government-wide Financial Statements*, the *Governmental Fund Financial Statements* focus on near-term financial resources and fund balances. Such information may be useful in evaluating the financing requirements in the near term.

Since the governmental funds and the governmental activities report information use the same functions, it is useful to compare the information presented. Because the focus of each report differs, reconciliation is provided on the fund financial statements to assist the reader in comparing the near-term requirements with the long-term needs.

The District maintains 12 different governmental funds. As of June 30, 2025, the major funds are the General Fund and the Building Fund. They are presented separately in the *Fund Financial Statements* with the remaining governmental funds combined into a single aggregated presentation labeled *All Non-Major Funds*. Individual fund information for the non-major funds is presented in the Supplementary Information section.

The District adopts an annual appropriated budget for each of the governmental funds. A budgetary comparison schedule for the General Fund is included in the *Fund Financial Statements* to demonstrate compliance with the adopted budget.

The District maintains one type of proprietary fund which is the Self Insurance Fund.

The *Fund Financial Statements* of the proprietary fund provide the same information as the *Government-wide Financial Statements*, only in more detail. The Internal Service Fund is used to accumulate and allocate costs internally among the governmental functions.

Individual internal service fund information is presented in the *Fund Financial Statements* as the Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows – Proprietary Fund. These statements consolidate the District's Internal Service Funds including the Property and Liability Fund, Workers' Compensation Fund, Health Fund, and the Defined Benefits Fund.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also contains other supplementary information concerning the District's non-major governmental funds.

Government-wide Net Position

The assets of the District are classified as follows: cash, investments, receivables, prepaid expenses, stores inventory, and capital assets. Current and other assets are available to provide resources for the near-term operations of the District. The majority of the current assets are the result of State apportionment and property tax resources.

Capital assets are used in the operations of the District. These assets include land, land improvements, buildings, equipment, and work-in-process.

Current and long-term liabilities are classified based on anticipated liquidation either in the near-term or in the future. Current liabilities include accounts payable, unearned revenue, and self-insurance claims liabilities. The liquidation of current liabilities is anticipated to be either from current available resources, current assets or new resources that became available during the 2024/25 fiscal year. Long-term liabilities such as general obligation bonds and compensated absences will be liquidated from resources that will become available after the 2024/25 fiscal year.

The liabilities and deferred inflows of the primary governmental activities exceed the assets and deferred outflows by \$326.8 million. The total net position of the primary governmental activities does not include internal balances. Internal balances are interfund payables and receivables within the governmental activities. The amounts reported in the accounts are eliminated to avoid the “gross up” effect on the assets and liabilities.

A net investment of \$1.34 billion in land, land improvements, buildings, equipment, and work-in-process, represents 54% of the District’s total assets.

The table and chart above summarize the District’s *Government-wide Net Position*.

- Modernization Projects included the following sites totaling \$55.2 million:
 - Roosevelt High \$ 13.8 million
 - Farber Educational Facility \$ 4.5 million
 - Ericson Elementary \$ 4.2 million
 - Tehipite Middle School \$ 4.0 million
 - Edison High School \$ 1.5 million
 - Dailey Elementary \$ 1.4 million
 - Roeding Elementary \$ 1.3 million

 - Sunnyside High School \$ 1.3 million
 - Addicott-M&O \$ 1.1 million
 - Starr Elementary \$ 1.1 million
 - 98 other sites totaling \$ 19.7 million

The General Fund is the chief operating fund of the District. Student enrollment decreased by 403 students during the fiscal year. The average daily attendance (ADA) for fiscal year 2024/25 decreased by 372 ADA from 2023/24, however, the district is funded on a 3-year prior year average, which is approximately 1,383ADA higher than 2024/25 ADA. The 3-year prior year average provides an additional \$21.8million of relief due to declining ADA.

The Cafeteria Fund's key elements that highlight the activities in the 2024/25 fiscal year are as follows:

- Approximately 16,800 breakfasts, 57,300 lunches, and 3,100 snacks per day were served, equating to 13.8 million meals annually which is an increase of 68,500 meals overall from the prior year due to students continuing to return to campus.
- The District received a grant for 63 elementary school sites to participate in the Fresh Fruit and Vegetable Program, making the District the largest grant recipient from the California Department of Education.
- The District continues to participate in the National School Lunch and School Breakfast Programs under the Community Eligibility Provision (CEP), which allows all students at every site to receive a healthy breakfast, lunch, and snack every day.
- Meals are served at 106 locations, utilizing 508 full and part-time employees. The volume of meals served has enabled the program to operate on Federal and State reimbursement without additional contribution from the Unrestricted General Fund.

General Fund Budgetary Highlights

The General Fund budget is composed of unrestricted and restricted fund budgets. Restricted funds are grants or entitlements that have specified rules on how the funds can be spent. Unrestricted funds may be used as determined by the Board of Education. Education Code 41011 requires unified districts to spend at least 55% towards classroom compensation. In 2024/25, Fresno Unified spent 55.11% towards classroom compensation.

Over the course of the year, the District revised the annual operating budget six times. These budget amendments are authorized per Education Code 42601 and fall into the following categories:

- Changes made to recognize revenue anticipated/received from sources outside the District
- Changes made to recognize expenses

The District is required to present year-end projections at two different intervals (December and March).

Management's Discussion and Analysis

June 30, 2025

The District, as a general rule, requires restricted budgets to stay within their State and/or Federal allocation. The major exceptions include Special Education and Ongoing & Major Maintenance Account. In addition to the State and/or Federal allocation, the District contributes Unrestricted General Fund resources to these programs.

Unrestricted Ending Balance

The adopted unrestricted ending balance for 2024/25 was projected to be \$215.7 million. The actual 2024/25 ending balance is \$265.4 million, a gain of \$49.7 million, mainly due to the following:

2023/24 Ending Fund Balance Impacts

- Actual general fund balance in 2022/23 was higher than the adopted budget of \$36.8 million mainly due to:
 - Increase in one-time lottery funding
 - Utilities savings Additional one-time transportation revenue, lottery, interest income, and Medi-Cal Administrative Activity (MAA) revenue
 - Record the fair value investments held in Fresno County investment pool which reported unrealized losses of (3.03%)

2024/25 Impacts

- A decrease in Local Control Funding Formula (LCFF) revenue of \$1.4 million due to prior year calendar actual Average Daily Attendance (ADA)
- An increase in State revenues of \$2.6 million due transportation and lottery revenue
- An increase of local revenue of \$22.7 million mainly due to one-time Medi-Cal Administrative Activity (MAA), interest income, and adjusted unrealized loss of investments held with the Fresno County Treasury.
- Total expenditures and contributions increased by \$11.0 million was recognized due to the following changes:
 - Specials Education teacher and paraeducator substitutes increase for Fall Classroom leveling and contribution increase for Education Private Placements – \$7.0 million
 - SEIU longevity increase of \$2.2 million
 - Textbook adoption increase of \$3.8 million
 - School Site and department expenditures less than anticipated – \$1.0 million
 - Utility Savings – \$1 million

Economic Factors and Budgets and Rates for 2025/26

The annual process to develop the District's budget begins in the fall with an update to the Board of Education and stakeholders regarding the District's Local Control and Accountability Plan (LCAP) actions and investment areas. The following January the Governor proposes the State budget. Since most of the District's revenue comes from the State, the District carefully derives assumptions from the Governor's proposal, guidance from the Fresno County Superintendent of Schools, and enrollment projections. The 2025/26 Proposed Budget includes recommendations that continue to balance the Board of Education's investments in extensive student programs, competitive employee compensation, and prudent fiscal responsibility.

On June 18, 2025, the Board of Education approved an Adopted Budget for fiscal year 2025/26. The Adopted Budget included a 5.09% unrestricted reserve.

Employee Benefits

The District provides post-employment health benefits to all District employees (employed before July 1, 2005) and their dependents, with a minimum of 16 years of service who retire at a minimum of 57½ years of age. For employees hired on or after July 1, 2005, effective July 1, 2023, retirees who enroll in Medicare Parts A and B will be covered under the Aetna Medicare Advantage Plan. Retirees over age 65 who are not enrolled in Medicare remain on the self-insured plan. GASB 74 and GASB 75, are governmental accounting standards that direct how State and local governments will account for these benefits.

The District's most recent actuarial study calculated the total gross liability for post-employment benefits to be \$822.8 million in September 2025 which is an increase of \$23.0 million since September 2024. The District established an irrevocable trust in 2013/14. The Trust Fund increased by \$12.0 million and at the end of 2024/25 had an ending fund balance of \$91.1 million. In 2025/26, the District plans to transfer \$3.5 million to the OPEB irrevocable trust. At June 30, 2025, the total net OPEB liability was \$731.6 million.

Included in total employee statutory benefits are the District's contributions to CalPERS and CalSTRS on behalf of employees' pensions. The employer contribution rates for CalSTRS and CalPERS began to increase in 2014/15 from rates of 8.25% and 11.44% respectively. CalSTRS rates are currently legislated to remain at 19.1% through 2028/29 and CalPERS projects rate adjustments through 2028/29 to 27.4%.

Management's Discussion and Analysis

June 30, 2025

Fresno Unified ranks fourth in spending for total employee benefits per ADA when compared to the largest ten districts in the State and two of the largest local districts. The District outspends the average by \$1,040/ADA. If the District spent at the average of those other districts of \$5,883/ADA, annual savings generated equates to \$65.6 million. Furthermore, the District's total benefits per ADA expense for 2024/25 increased by \$579 over 2023/24.

Pension Liability

The District contributes to CalSTRS and CalPERS on behalf of employees. GASB 68 is a governmental accounting standard that directs how state and local governments will account for these pensions. GASB 68 requires all employers to recognize the long-term pension liability on their financial statements. The District has made a statutory contribution and does not make any investment decisions on the fund, as these plans are governmental controlled plans.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fresno Unified School District (the “District”) accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education’s California School Accounting Manual. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The following is a summary of the more significant policies:

Reporting Entity: The Board of Education is the level of government which has governance responsibilities over all activities related to public school education in Fresno Unified School District. The Board is not included in any other governmental “reporting entity” as defined by the Governmental Accounting Standards Board since Board members have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters.

The District receives funding from local, state and federal government sources and must comply with all the requirements of these funding source entities.

Basis of Presentation - Financial Statements: The basic financial statements include a Management’s Discussion and Analysis (MD & A) section providing an analysis of the District’s overall financial position and results of operations, financial statements prepared using full accrual accounting for all of the District’s activities, including infrastructure, and a focus on the major funds.

Basis of Presentation - Government-Wide Financial Statements: The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole.

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Governmental Accounting Standards Board Cod. Sec. N50.118-.121.

Program revenues: Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District’s taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District’s general revenues.

Allocation of indirect expenses: The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Depreciation expense and interest on general long-term liabilities are considered indirect expenses and are reported separately on the Statement of Activities.

Basis of Presentation - Fund Accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A - Major Funds

General Fund - The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund, are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Building Fund - The Building Fund is a capital projects fund used to account for resources used for the acquisition of capital facilities by the District.

B - Other Funds

Special Revenue Funds - The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. This includes the Student Activity, Adult Education, Child Development, Cafeteria, and Deferred Maintenance Funds.

Capital Project Funds - The Capital Project Funds are used to account for resources used for the acquisition of capital facilities by the District. This includes the Capital Facilities, County School Facilities, and Special Reserve for Capital Outlay Projects Funds.

Bond Interest and Redemption Fund - The Bond Interest and Redemption Fund is a debt service fund used to account for resources used for the payment of general long-term liabilities principal, interest and related costs.

Self-Insurance Fund - The Self-Insurance Fund is an internal service fund which is used to account for the District's property and liability claims, workers' compensation claims, and health benefits to current and retired employees, including medical, vision, dental, and long-term sick leave. Included in the Self-Insurance Fund's nonoperating activities are contributions to fund the irrevocable OPEB trust fund and interest income.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Accrual - Governmental activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual - The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting: By state law, the Board of Education must adopt a final budget by July 1. A public hearing is conducted to receive comments prior to adoption. The Board of Education complied with these requirements.

Receivables: Receivables are made up principally of amounts due from the State of California for the Local Control Funding Formula and categorical programs. The District has determined that no allowance for doubtful accounts was needed as of June 30, 2025.

Stores Inventory: Stores inventory in the General, Student Activity and Cafeteria Funds consist mainly of consumable supplies and instructional materials held for future use and are valued at average cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools and offices.

Capital Assets: Capital assets purchased or acquired, with an original cost of \$15,000 or more, or an original cost of \$5,000 or more when purchased with Federal resources, are recorded at historical cost or estimated historical cost. Contributed assets are reported at acquisition value for the contributed asset. Additions, improvements and other capital outlay that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over 2 - 50 years depending on asset types.

Interfund Activity: Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Deferred Outflows/Inflows of Resources: In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred loss on refunding reported, which is in the statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shortened life of the refunded or refunding debt. Additionally, the District has recognized deferred outflows of resources related to the recognition of the pension and OPEB liabilities reported, which are in the Statement of Net Position.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an inflow of resources (revenue) until that time. The District has recognized deferred inflows of resources related to the recognition of the pension and OPEB liabilities reported, which are in the Statement of Net Position.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and Public Employers Retirement Fund B (PERF B) and additions to/deductions from STRP's and PERF B's fiduciary net position have been determined on the same basis as they are reported by STRP and PERF B. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Certain investments are reported at fair value. The following is a summary of pension amounts in the aggregate:

	<u>STRP</u>	<u>PERF B</u>	<u>Total</u>
Deferred outflows of resources	\$ 281,597,264	\$ 134,601,475	\$ 416,198,739
Deferred inflows of resources	\$ 97,427,000	\$ 5,846,000	\$ 103,273,000
Net pension liability	\$ 566,748,000	\$ 372,365,000	\$ 939,113,000
Pension expense	\$ 106,968,245	\$ 70,688,451	\$ 177,656,696

Compensated Absences: Compensated absence benefits in the amount of \$23,845,419 are recorded as a long-term liability of the District. The liability represents earned but unused vacation and other leave balances which are more likely than not to be paid or used. In accordance with the provisions of both STRP and PERF B, when an employee retires, all unused sick leave is added to the creditable service period for the calculation of the employee's retirement benefits.

Unearned Revenue: Revenue from federal, state, and local special projects and programs is recognized when qualified expenditures have been incurred. Funds received but not earned are recorded as unearned revenue until earned.

Net Position: Net position is displayed in three components:

1. Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent bond proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted Net Position - Restrictions of the ending net position indicate the portions of net position not appropriable for expenditure or amounts legally segregated for a specific future use. The restriction for legally restricted programs represents the portion of net position restricted to specific program expenditures. The restriction for debt service represents the portion of net position available for the retirement of debt. The restriction for capital projects represents the portion of net position restricted for capital projects. The restriction for self-insurance represents the portion of net position restricted for the District's property and liability claims, workers' compensation claims and health benefits to current and retired employees. It is the District's policy to use restricted net position first when allowable expenditures are incurred.
3. Unrestricted Net Position – All other net position that do not meet the definitions of "restricted" or "net investment in capital assets".

Fund Balance Classifications: Governmental Accounting Standards Board Codification Sections 1300 and 1800, Fund Balance Reporting and Governmental Fund Type Definitions (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications, discussed in more detail below, are nonspendable, restricted, committed, assigned and unassigned.

A - Nonspendable Fund Balance:

The nonspendable fund balance classification reflects amounts that are not in spendable form, such as revolving fund cash, prepaid expenditures and stores inventory.

B - Restricted Fund Balance:

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide and proprietary fund statements.

C - Committed Fund Balance:

The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Board of Education. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. Formal action by the Board of Education is required to remove any commitment from any fund balance.

D - Assigned Fund Balance:

The assigned fund balance classification reflects amounts that the District's Board of Education has approved to be used for specific purposes, based on the District's intent related to those specific purposes. The Board of Education can designate personnel within the District to assign fund balances. At June 30, 2025, the District had assigned a portion of the fund balance for the General Fund.

E - Unassigned Fund Balance:

In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes.

In any fund other than the General Fund, a positive unassigned fund balance is never reported because amounts in any other fund are assumed to have been assigned, at least, to the purpose of that fund. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

Fund Balance Policy: The District has an expenditure policy relating to fund balances. For purposes of fund balance classifications, expenditures are to be spent from restricted fund balances first, followed in order by committed fund balances (if any), assigned fund balances and lastly unassigned fund balances.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

While GASB Cod. Sec. 1300 and 1800 do not require districts to establish a minimum fund balance policy or a stabilization arrangement, GASB Cod. Sec. 1300 and 1800 do require the disclosure of a minimum fund balance policy and stabilization arrangements if they have been adopted by the Board of Education. On July 30, 2008, the Board approved Board Policy 3100 establishing levels for the general fund reserve for economic uncertainties of five percent to ten percent of total expenditures.

Property Taxes: Secured property taxes are attached as an enforceable lien on property as of January 1. Taxes are due in two installments on or before December 10 and April 10. Unsecured property taxes are due in one installment on or before August 31. The County of Fresno bills and collects taxes for the District. Tax revenues are recognized by the District when received.

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

Eliminations and Reclassifications: In the process of aggregating data for the Statement of Net Position and the Statement of Activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the “grossing up” effect on assets and liabilities within the governmental activities column.

Estimates: The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures or expenses during the reporting period. Accordingly, actual results may differ from those estimates.

New Accounting Pronouncements: In June 2022, the GASB issued GASB Statement No. 101, *Compensated Absences*, effective for fiscal years beginning after December 15, 2023. GASB Statement No. 101 requires recognition of a liability for leave when earned if it is attributable to services already rendered and is expected to be paid. The liability includes vacation, sick leave, and other forms of paid time off that accumulate and vest or are expected to be used in future periods. Implementation of GASB Statement No. 101 was not material to the District's governmental activities beginning net position or its beginning long-term liabilities.

District cash and investments at June 30, 2025 consisted of the following:

	Governmental Activities		
	Governmental Funds	Proprietary Fund	Total
Pooled Funds:			
Cash in County Treasury	\$ 819,439,586	\$ 192,133,782	\$1,011,573,368

Total cash and investments	<u>\$ 843,245,661</u>	<u>\$ 192,134,062</u>	<u>\$ 1,035,379,723</u>

Pooled Funds: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the interest-bearing Fresno County Treasurer's Pooled Investment Fund. The District is considered to be an involuntary participant in an external investment pool. The fair value of the District's investment pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required. In accordance with applicable state laws, the Fresno County Treasurer may invest in derivative securities with the State of California. However, at June 30, 2025, the Fresno County Treasurer has represented that the Pooled Investment Fund contained no derivatives or other investments with similar risk profiles.

Deposits - Custodial Credit Risk: The District limits custodial credit risk by ensuring uninsured balances are collateralized by the respective financial institution. Cash balances held in banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2025, the carrying amount of the District's accounts was \$23,187,866 and the bank balances were \$18,533,015. The total uninsured bank balance at June 30, 2025 was \$17,257,587.

Cash balances held in credit unions are insured by the National Credit Union Association. At June 30, 2025, the carrying amount and the credit union balances of the District's accounts were \$619,286. The total uninsured credit union balance at June 30, 2025 was \$369,286.

Investment Interest Rate Risk: The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk: The District does not have a formal investment policy that limits the cash and investment maturities as a means of managing its exposure to fair value arising from increasing interest rates. As of June 30, 2025, the District had no significant interest rate risk related to investments held.

Concentration of Investment Credit Risk: The District does not place limits on the amount they may invest in any one issuer. At June 30, 2025, the District had no concentration of credit risk.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN

General Information about the State Teachers’ Retirement Plan

Plan Description: Employees of the District performing creditable services are provided with pensions through the State Teachers’ Retirement Plan (STRP) – a cost-sharing multiple-employer defined benefit pension plan administered by the California State Teachers’ Retirement System (CalSTRS). Teachers’ Retirement Law (California Education Code Section 22000 et seq.), as enacted and amended by the California Legislature, established this plan with CalSTRS as the administrator. The benefit terms of the plan may be amended through legislation. CalSTRS issues a publicly available financial report that can be obtained at CalSTRS’ website.

Benefits Provided: The STRP Defined Benefit Program has two benefit formulas:

- CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS.
- CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS.

The Defined Benefit (DB) Program provides retirement benefits based on members’ final compensation, age and years of service credit. In addition, the retirement program provides benefits to members upon disability and to survivors/beneficiaries upon the death of eligible members. There are several differences between the two benefit formulas which are noted below.

CalSTRS 2% at 60 - CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to a factor of 2.0% of final compensation multiplied by the number of years of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to a maximum of 2.4% at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of 0.2% to the age factor, up to the 2.4% maximum.

CalSTRS calculates retirement benefits based on one-year final compensation for members with 25 or more years of credited service, or for classroom teachers with fewer than 25 years of credited service if the employer entered into, extended, renewed or amended an agreement prior to January 1, 2014, to elect to pay the additional benefit cost for all of its classroom teachers. One-year final compensation is the member’s highest average annual compensation earnable for 12 consecutive months based on the creditable compensation that the member could earn in a school year while employed on a full-time basis. For most members with fewer than 25 years of credited service, final compensation is the highest average annual compensation earnable for any 36 consecutive months based on the creditable compensation that the member could earn in a school year while employed on a full-time basis.

CalSTRS 2% at 62 - CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0% of final compensation multiplied by the number of years of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4% at age 65 or older.

All CalSTRS 2% at 62 members’ final compensation is based on their highest average annual compensation earnable for 36 consecutive months based on the creditable compensation that the member could earn in a school year while employed on a full-time basis.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN (Continued)

Contributions: Required member, employer and State contribution rates are set by the California Legislature and the Governor and detailed in Teachers' Retirement Law. Current contribution rates were established by California Assembly Bill 1469 (CalSTRS Funding Plan), which was passed into law in June 2014, and established a schedule of contribution rate increases shared among members, employers, and the State of California to bring CalSTRS toward full funding by 2046.

A summary of statutory contribution rates and other sources of contributions to the DB Program pursuant to the CalSTRS Funding Plan are as follows:

Members - Under CalSTRS 2% at 60, the member contribution rate was 10.250% of applicable member earnings for fiscal year 2023-24.

Under CalSTRS 2% at 62, members pay 9% toward the normal cost and an additional 1.205% as per the CalSTRS Funding Plan for a total member contribution rate of 10.205%. The contribution rate for CalSTRS 2% at 62 members is adjusted if the normal cost increases or decreases by more than 1% annually. Based on the June 30, 2023, actuarial valuation adopted by the CalSTRS Board in May 2024, the increase in normal cost was less than 1%. Therefore, the contribution rate for CalSTRS 2% at 62 members did not change effective July 1, 2024.

Employers – Employers are required to contribute a base contribution rate set in statute at 8.25%. Pursuant to the CalSTRS Funding Plan, employers also have a supplemental contribution rate to eliminate their share of the CalSTRS unfunded actuarial obligation by 2046. The CalSTRS Funding Plan authorizes the CalSTRS Board to adjust the employer supplemental contribution rate up or down by a maximum of 1% annually for a total rate of no higher than 20.25% and no lower than 8.25%. In May 2024, the CalSTRS Board voted to keep the employer supplemental contribution rate at 10.85% for fiscal year June 30, 2025 for a total employer contribution rate of 19.10%.

The CalSTRS employer contribution rates effective for fiscal year 2024-25 through fiscal year 2046-47 are summarized in the table below:

<u>Effective Date</u>	<u>Base Rate</u>	<u>Supplemental Rate Per CalSTRS Funding Plan</u>	<u>Total</u>
July 1, 2024	8.250%	10.850%	19.100%
July 1, 2025 to			
June 30, 2046	8.250%	(1)	(1)
July 1, 2046	8.250%	AB1469 rate increase ends for 2046-47 and beyond	

(1) The CalSTRS Funding Plan authorizes the Board to adjust the employer contribution rate up or down by up to 1% each year, but no higher than 20.250% total and no lower than 8.250%.

The District contributed \$112,615,264 to the STRP during the fiscal year ended June 30, 2025.

State – The State is required to contribute 10.828% of the members' creditable compensation from the two fiscal years prior.

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN (Continued)

The State is required to contribute a base contribution rate set in statute at 2.017%. Pursuant to the CalSTRS Funding Plan, the State also has a supplemental contribution rate, which the Board can increase by no more than 0.5% each fiscal year to help eliminate the State’s share of the CalSTRS unfunded actuarial obligation by 2046. In May 2024, the CalSTRS Board voted to keep the State supplemental contribution rate at 6.311% for fiscal year 2024–25.

The total State contribution rate also includes a portion to fund the Supplemental Benefit Maintenance Account (SBMA), which provides inflation protection to CalSTRS members whose current purchasing power has fallen below 85% of the purchasing power of their initial benefit. The SBMA is funded through a continuous appropriation from the State’s General Fund in an amount equal to 2.5% of the total creditable compensation of the fiscal year ended in the immediately preceding calendar year, reduced by \$72.0 million, pursuant to Education Code section 22954.

The CalSTRS State contribution rates effective for fiscal year 2024-25 and beyond are summarized in the table below:

<u>Effective Date</u>	<u>Base Rate</u>	<u>Supplemental Rate Per CalSTRS Funding Plan</u>	<u>SBMA Funding⁽¹⁾</u>	<u>Total</u>
July 01, 2024	2.017%	6.311%	2.50%	10.828%
July 01, 2025 to June 30, 2046	2.017%	(1)	2.50%	(1)
July 01, 2046	2.017%	(2)	2.50%	(2)

- (1) The CalSTRS Board has limited authority to adjust the State contribution rate annually through June 2046 to eliminate the remaining unfunded actuarial obligation. The CalSTRS Board cannot increase the supplemental rate by more than 0.5% in a fiscal year, and if there is no unfunded actuarial obligation, the supplemental contribution rate imposed would be reduced to 0%.
- (2) From July 1, 2046, and thereafter, the rates in effect prior to July 1, 2014, are reinstated, if necessary, to address any remaining unfunded actuarial obligation.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District’s proportionate share of the net pension liability	\$ 566,748,000
State’s proportionate share of the net pension liability associated with the District	<u>260,029,000</u>
Total	<u><u>\$ 826,777,000</u></u>

The net pension liability was measured as of June 30, 2024 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2024, updated and rolled forward to June 30, 2025. The District’s proportion of the net pension liability was based on the District’s share of contributions to the STRP relative to the contributions of all participating contributing employers and the State. At June 30, 2025, the District’s proportion was 0.844%, which was an increase of 0.044% from its proportion at June 30, 2024.

\$112,615,264 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTE 8 – NET PENSION LIABILITY – STATE TEACHERS’ RETIREMENT PLAN (Continued)

Actuarial Methods and Assumptions: The total pension liability for the STRP was determined by applying update procedures to the actuarial valuation as of June 30, 2023, and rolling forward the total pension liability to June 30, 2024. The actuarial valuation as of June 30, 2023 used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2023
Experience Study	July 1, 2007 through June 30, 2022
Actuarial Cost Method	Entry age actuarial cost method
Investment Rate of Return	7.10%
Consumer Price Inflation	2.75%
Wage Growth	3.50%
Post-retirement Benefit Increases	2.00% simple for DB, maintain 85% purchasing power level for DB

Discount Rate: The discount rate used to measure the total pension liability was 7.10%, which was unchanged from the prior fiscal year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per the CalSTRS Funding Plan. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return of 7.10% and assume that contributions, benefit payments, and administrative expense occur midyear.

Based on those assumptions, the STRP’s fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was calculated using a building-block approach. This method involves developing best-estimate ranges of 20- to 30-year geometrically linked expected future real rates of return for each major asset class. These expected returns are net of pension plan investment expenses and inflation. The best estimate ranges were created using capital market assumptions provided by CalSTRS investment staff and investment consultants.

The actuarial investment rate of return assumption was adopted by the CalSTRS Board in January 2024 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS independent consulting actuary reviews the return assumption for reasonableness based on the most current capital market assumptions. The assumed asset allocation and best estimates of the expected rates of return for each major asset class/strategy as of June 30, 2024, are summarized in the following table:

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Long-Term* Expected Real Rate of Return</u>
Public Equity	38.0%	5.25%
Real Estate	15.0	4.05
Private Equity	14.0	6.75
Fixed Income	14.0	2.45
Risk Mitigating Strategies	10.0	2.25
Inflation Sensitive	7.0	3.65
Cash / Liquidity	2.0	0.05

Mortality: CalSTRS uses a generational mortality assumption, which is based off generational mortality tables that reflect expected future improvements in mortality and includes a base table and a projection table. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection table reflects the expected annual reduction in mortality rates at each age. The current mortality assumption uses a base year of 2023, and projected improvement is based on the MP–2021 Ultimate Projection Scale issued by the Society of Actuaries.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.10%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
District’s proportionate share of the net pension liability	<u>\$ 1,008,059,000</u>	<u>\$ 566,748,000</u>	<u>\$ 198,235,000</u>

Pension Plan Fiduciary Net Position: Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalSTRS annual comprehensive financial report available at the CalSTRS website.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B

General Information about the Public Employer’s Retirement Fund B

Plan Description: The schools’ cost-sharing multiple-employer defined benefit pension plan Public Employer’s Retirement Fund B (PERF B) is administered by the California Public Employees’ Retirement System (CalPERS). Plan membership consists of non-teaching and non-certified employees of public schools (K-12), community college districts, offices of education, charter and private schools (elective) in the State of California.

The Plan was established to provide retirement, death and disability benefits to non-teaching and non-certified employees in schools. The benefit provisions for Plan employees are established by statute. CalPERS issues a publicly available financial report that can be obtained at CalPERS’ website.

Benefits Provided: The benefits for the defined benefit plan are based on members’ years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years (10 years for State Second Tier members) of credited service. All non-state Second Tier members are eligible to receive cost-of-living adjustments (COLA) up to a maximum of 2% compounded annually (up to 5% maximum as a contract option for retired members of local agencies). State Second Tier members are eligible for a COLA of 3 percent fixed compounded annually.

(Continued)

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B (Continued)

Contributions: The benefits for the defined benefit pension plan are funded by contributions from members, employers, non-employers, and earnings from investments. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the respective employer's benefit formulas. In some circumstances, contributions are made by the employer to satisfy member contribution requirements. Member and employer contribution rates are determined by periodic actuarial valuations or by State statute. Actuarial valuations are based on the benefit formulas and employee groups of each employer. Non-employer contributions are not expected each year, but when provided they are accrued for.

The required contribution rates of most active plan members are based on a percentage of salary in excess of a base compensation amount ranging from zero dollars to \$863 monthly.

The Public Employees’ Pension Reform Act of 2013 (PEPRA) became effective in January 2013, and changed how benefits are applied as well as placed compensation limits on certain members as listed below. Members which do not fall into the definitions below, are generally be considered “classic” members in PERF B:

- Members joining on or after January 1, 2013, with no prior membership in another California public retirement system.
- Members joining before January 1, 2013, who are hired by a different CalPERS employer after January 1, 2013, and have a break in service greater than six months.
- Members joining on or after January 1, 2013, who are ineligible for reciprocity with another California public retirement system.

Required contribution rates for active plan members and employers as a percentage of payroll for the year ended June 30, 2025 were as follows:

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability of \$372,365,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023, updated and rolled forward to June 30, 2024. The District's proportion of the net pension liability was based on the District's share of contributions to the PERF B plan relative to the contributions of all participating school districts. At June 30, 2025 the District's proportion was 1.042%, which was an increase of 0.071% from its proportion at June 30, 2024.

Actuarial Methods and Assumptions: The total pension liability for the Plan was determined by applying update procedures to the actuarial valuation as of June 30, 2023 and rolling forward the total pension liability to June 30, 2024. The actuarial valuation as of June 30, 2023 used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation Date	June 30, 2023
Experience Study	June 30, 2000 through June 30, 2019
Actuarial Cost Method	Entry age normal
Investment Rate of Return	6.90%
Consumer Price Inflation	2.30%
Wage Growth	Varies by entry age and service
Post-retirement Benefit Increases	2.00% until Purchasing Power Protection Allowance Floor on Purchasing Power Applies, 2.30% thereafter

The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using Society of Actuaries 80% of scale MP2020. For more details on this table, please refer to the 2021 experience study report.

All other actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial experience study for the period from 2000 to 2019, including updates to salary increase, mortality and retirement rates. Further details of the Experience Study can be found at CalPERS’ website.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

<u>Asset Class</u>	<u>Assumed Asset Allocation</u>	<u>Expected Real Rates of Return Years 1-10 ^(1, 2)</u>

(2) Figures are based on the 2021-22 CalPERS Asset Liability Management Study

Discount Rate: The discount rate used to measure the total pension liability was 6.90 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Plan. The results of the crossover testing for the Plan are presented in a detailed report that can be obtained at CalPERS’ website.

NOTE 9 – NET PENSION LIABILITY – PUBLIC EMPLOYER’S RETIREMENT FUND B (Continued)

The long-term expected rate of return on pension plan investments was determined using a building- block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considered long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

Sensitivity of the District’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:
The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 6.90%, as well as what the District’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.90%) or 1-percentage-point higher (7.90%) than the current rate:

	1% Decrease <u>(5.90%)</u>	Current Discount Rate <u>(6.90%)</u>	1% Increase <u>(7.90%)</u>
District’s proportionate share of the net pension liability	\$ 553,151,000	\$ 372,365,000	\$ 223,021,000

NOTE 10 – OTHER POSTEMPLOYMENT BENEFITS

General Information about the Other Postemployment Benefits (OPEB) Plan

Plan Description: In addition to the pension benefits described in Notes 8 and 9, the District provides postemployment health care benefits to eligible employees and their dependents under a single employer defined benefit OPEB plan. The plan does not issue separate financial statements.

The District established an irrevocable trust under the California Employer's Retiree Benefit Trust Program (CERBT) to prefund the costs of other postemployment benefits. The funds in the CERBT are held in trust and are administered by the California Public Employees' Retirement System (CalPERS) as an agent multiple-employer plan. Benefit provisions are established and may be amended by District labor agreements which are approved by the Board of Education. The District's contributions to the irrevocable trust is included in the CERBT, which is included in the CalPERS Annual Comprehensive Financial Report (ACFR). CalPERS' ACFR is a publicly available financial report which can be obtained at CalPERS' website.

The CERBT fund, which is an Internal Revenue Code (IRC) Section 115 Trust, is set up for the purpose of (i) receiving employer contributions to prefund health and other post-employment benefits for retirees and their beneficiaries, (ii) invest contributed amounts and income therein, and (iii) disburse contributed amounts and income therein, if any, to pay for costs of administration of the fund and to pay for health care costs or other post-employment benefits in accordance with the terms of the District's OPEB plan.

Benefits Provided: District employees hired before July 1, 2005, who retire after attaining age 57.5 and completing a requisite period of service, may receive District-paid medical and prescription drug coverage for life (with continuation to the surviving spouse, if any), and subject to retiree contributions shown in the table below. The requisite service is 10 years if hired before January 1, 1982 (July 1, 1982 for Classified), 16 years if hired between January 1, 1982 and July 1, 1994 (but 10 years if rehired with a pre-1982 original date of hire), and 16 years for those hired or re-hired after July 1, 1994 (but before July 1, 2005).

District employees hired on or after July 1, 2005, who retire after attaining age 60 and completing at least 25 years of service, receive District-paid coverage for the earlier of 5 years or until age 65. These benefits are also subject to retiree contributions, described below.

Effective July 1, 2023, retirees who enroll in Medicare Parts A and B will be covered under the Aetna Medicare Advantage Plan. Retirees over age 65 who are not enrolled in Medicare remain on the self-insured plan.

The District began collecting retiree contributions in July 2006. Retiree contributions will be charged only to individuals retiring after August 31, 2006.

The schedule for determining a retiree's monthly contributions is shown in the following table:

Retiree Age	Retiree	Spouse <65	Spouse 65-74	Spouse 75+	Child	Family
Under 65	\$160	\$60	\$60	\$60	\$15	\$70

Employees Covered by Benefit Terms: The following is a table of plan participants at June 30, 2025:

	<u>Number of Participants</u>
Inactive Plan members, covered spouses, or beneficiaries currently receiving benefits	5,441
Active employees	<u>8,794</u>
	<u>14,235</u>

Contributions: California Government Code specifies that the District's contribution requirements for covered employees are established and may be amended by the Governing Board. Contributions to the Plan from the District were \$42,441,763 for the year ended June 30, 2025. District contributions to the Trust are voluntary. Employees are not required to contribute to the OPEB plan.

OPEB Plan Investments: The plan discount rate of 5.75% was determined using the following asset allocation and assumed rate of return:

<u>Asset Class</u>	<u>Long-Term* Assumed Asset Allocation</u>	<u>Expected Real Rate of Return</u>
Global ex-U.S. Equity	34.0%	4.8%
U.S. Fixed Income	41.0%	1.8%
Real Estate	17.0%	3.7%
Treasury Inflation-Protected Securities	5.0%	1.6%
Commodities	3.0%	1.9%

*Geometric average

Rolling periods of time for all asset classes were used to appropriately reflect correlation between asset classes. This means that the average returns for any asset class do not necessarily reflect the averages over time individually, but reflect the return for the asset class for the portfolio average. Additionally, the historic 30 year real rates of return for each asset class along with the assumed long-term inflation assumption was used to set the discount rate. The investment return was offset by assumed investment expenses of 25 basis points. It was further assumed that contributions to the plan would be sufficient to fully fund the obligation over a period not to exceed 30 years.

Money-weighted rate of return on OPEB plan investments	10.62%
--	--------

The money-weighted rate of return expresses investment performance, net of OPEB plan investment expenses, adjusted for the changing amounts actually invested.

NOTE 11 – JOINT POWERS AGREEMENT

The District is a member with other school districts of a Joint Powers Authority, Central Valley Support Services (CVSS), to provide support services to educational agencies in the Central Valley of California. CVSS is governed by a board consisting of one district representative selected by each member district's superintendent, one member of the operations staff of each member district and the Treasurer of CVSS. The CVSS Board controls the operations of CVSS, independent of any influence by the member districts beyond their representation on the Board. The following is a summary of financial information of CVSS as of June 30, 2024 (the most recent information available):

Total assets	\$ 30,280,368
Deferred outflows of resources	\$ 163,061,886
Total liabilities	\$ 177,844,519
Deferred inflows of resources	\$ 3,984,800
Net position	\$ 11,512,935
Total revenues	\$ 59,049,279
Total expenses	\$ 61,964,305
Change in net position	\$ (2,915,026)

The relationship between Fresno Unified School District and the Joint Powers Authority is such that it is not a component unit of the District for financial reporting purposes.

NOTE 12 – CONTINGENCIES

Contingent Liabilities: The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District. Also, the District has received federal and state funds for specific purposes that are subject to review or audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements will not be material.

Construction Commitments: As of June 30, 2025, the District had approximately \$23.7 million in outstanding commitments on construction contracts.

NOTE 13 – FINANCIAL RESPONSIBILITY

The District has maintained a commitment to strategic guiding principles anchored in providing extensive student programs, competitive employee compensation, and prudent fiscal responsibility. These principles and approach to budget development have enabled the district to maintain a positive financial position. Recently, through use of one-time state and federal resources, the District has complimented these principles with addressing unfinished learning and responding to the impacts of the pandemic.

The District continues to maintain a positive reserve in the current and future years as shown in the 2025/26 adopted budget and a commitment to equity-based resource allocation as intended with implementation of the Local Control Funding Formula. The District has maintained a positive financial position since 2006/07 as reflected by Moody's continued affirmation of the District's credit rating of Aa3 since 2010 during a time when other agencies have been lowered.

The District continues to monitor and budget for the current and future years to ensure financial stability and conservatively evaluate reserves to mitigate the effects of the prolonged state economic crisis.

The District has incurred operating surpluses in each of the past three years, but anticipates an operating deficit in fiscal year 2025-2026.

Total long-term liabilities have increased by \$103,286,949 over the past two years, as shown in Note 6 to the basic financial statements.

Average daily attendance has decreased by 726 over the past two years. An increase of 144 ADA is projected for the 2025-2026 fiscal year.

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Average Daily Attendance: Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time: The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District, and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

Schedule of Expenditures of Federal Awards: The Schedule of Expenditures of Federal Awards includes the federal award activity of Fresno Unified School District and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. As a sub-recipient of the State of California the District is using the approved indirect cost rate provided by the California Department of Education rather than the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

The following schedule provides a reconciliation between revenues reported on the Statement of Revenues, Expenditures and Change in Fund Balances and the related expenditures reported on the Schedule of Expenditures of Federal Awards:

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE AND ON
INTERNAL CONTROL OVER COMPLIANCE FOR STATE PROGRAMS

Audit Committee and Board of Education
Fresno Unified School District
Fresno, California

Report on Compliance***Opinion on State Compliance***

We have audited Fresno Unified School District's (the District) compliance with the requirements specified in the State of California *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* applicable to the District's state program requirements identified below for the year ended June 30, 2025.

In our opinion, Fresno Unified School District complied, in all material respects, with the compliance requirements that are applicable to the laws and regulations of the state programs noted in the table below for the year ended June 30, 2025.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Our responsibilities under those standards and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance. Our audit does not provide a legal determination of the District's compliance with the compliance requirements noted in the table.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements noted in the table below and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's state programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements noted in the table below occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements noted in the table below is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements noted in the table and performing such other procedures as we consider necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the *2024-2025 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, but not for the purpose of expressing an opinion on the effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion; and
- Select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

We did not perform any procedures related to Early Retirement Incentive Program because the District did not offer this program in the audit year.

We did not perform any procedures related to Juvenile Court Schools because the District does not operate any Juvenile Court Schools, as it is not a County Office of Education.

We did not perform any procedures related to District of Choice because the District is not reported as a District of Choice per the California Department of Education in the audit year.

We did not perform any procedures related to Expanded Learning Opportunities Grant (ELO-G) because the District did not report any ELO-G expenditures during the current audit year.

We did not perform any of the testing related to charter schools, including procedures for section AA, BB, CC, DD, EE and FF in the preceding table because the District does not operate any charter schools.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

(Continued)

Other Matters

The results of our auditing procedures disclosed instances of noncompliance regarding the After/Before School Education and Safety Program, which is described in the accompanying Schedule of Audit Findings and Questioned Costs as Finding 2025-001.

Government Auditing Standards requires the auditor to perform limited procedures on Fresno Unified School District's response to the noncompliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. Fresno Unified School District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on that response.

Report on Internal Control over Compliance

A *deficiency in internal control* over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Audit Committee and Board of Education
Fresno Unified School District
Fresno, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Fresno Unified School District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Fresno Unified School District's basic financial statements, and have issued our report thereon dated December 3, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Fresno Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fresno Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Fresno Unified School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

(Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Fresno Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
AS REQUIRED BY THE UNIFORM GUIDANCE

Audit Committee and Board of Education
Fresno Unified School District
Fresno, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Fresno Unified School District's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Fresno Unified School District's major federal programs for the year ended June 30, 2025. Fresno Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Fresno Unified School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Fresno Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Fresno Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Fresno Unified School District's federal programs.

(Continued)

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Fresno Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Fresno Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Fresno Unified School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Fresno Unified School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Fresno Unified School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Criteria: Attendance Accounting and Reporting in California Public Schools, Title 5, CCR, Section 401 and 421(b) and Education Code Section 44809 - Each LEA must develop and maintain accurate and adequate records to support the attendance reported to the State.

Condition: Of the eight sites selected for testing for the After School Education and Safety (ASES) Program, audit procedures identified that four of the sites attendance reporting included differences between the supporting documentation of pupil count attendance versus the reported counts. The net impact was an overstatement of four days of attendance for the ASES program.

Context: We performed the audit procedures enumerated in the *2024-25 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting* and identified the condition as described above.

Effect: The District did not comply with the After and Before School Safety Program requirements of Education Code Section 8483.9(c).

Cause: The errors were the result of clerical errors in accounting for attendance.

Fiscal Impact: Not determinable.

Identification of Repeat Finding: This is a repeat finding 2024-001, further described in the Schedule of Prior Year Findings and Recommendations.

Recommendation: The District's management team should implement or reinforce internal controls to ensure accurate accounting for attendance for the ASES program.

Views of Responsible Officials and Planned Corrective Actions: The District's Expanded Learning Department provides annual training to after-school staff responsible for attendance accounting on proper attendance procedures and reporting, as outlined in the Fresno Unified Expanded Learning Site Lead Manual and other applicable resources. Throughout the school year, the Expanded Learning Department team conducts random reviews and audits to ensure the accuracy of attendance reporting in the after-school program.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 1,179,894,332.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.68%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	81,026,995.82
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(4,392,406.53)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (3.34%) times Part III, Line B19); zero if negative	26,535,675.95
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (3.34%) times Part III, Line B19) or (the highest rate used to recover costs from any program (3.34%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	26,535,675.95
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	26,535,675.95

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 59,008,541.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 1,220,909,653.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.83%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. **Entry required**

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	81,989,970.71
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	21,053,650.07
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.19%) times Part III, Line B19); zero if negative	6,461,925.04
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.19%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.19%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	6,461,925.04
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	6,461,925.04

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 58,621,185.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 1,224,726,709.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.79%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. 0.00

Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	81,867,932.87
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	21,053,650.07
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.19%) times Part III, Line B19); zero if negative	5,968,688.32
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.19%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.19%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	5,968,688.32
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	5,968,688.32

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
