Secured Tax Delinquencies

Imperial County operates under provision of Revenue and Taxation Code Section 4701-4717 (commonly referred to as the "Teeter Plan") pursuant to which public agencies in the county may receive their total secured tax levies and special assessments irrespective of actual collections and delinquencies. Pursuant to said provisions, the county establishes a delinquency reserve and assumes responsibility for all secured delinquencies.

Because of the method of tax collection, the District is assured of 100 percent collection of its total secured tax levies. This method of tax collection and distribution is, however, subject to future discontinuance if demanded by the participating entities.
