## ***I. INTRODUCTION***

---

The Natomas Unified School District (the “School District”) issued \$60,000,000 General Obligation Bonds, Election of 2018, Series 2019 (the “Bonds”) to finance the specific school facilities projects set forth in the ballot measure approved by the District’s voters at an election held on November 6, 2018, as more further described in the Official Statement dated July 17, 2019 (the “Official Statement”).

The School District is located in Sacramento County, California (the “County” and “State,” respectively) approximately four miles north of the downtown area of the City of Sacramento. The majority of the School District is located in the City of Sacramento, with a small portion located in an unincorporated area of the County.

The Bonds are general obligations of the School District, payable solely from *ad valorem* property taxes levied and collected by the County. The Board of Supervisors of the County is empowered and obligated to annually levy and collect *ad valorem* property taxes without limitation as to rate or amount on all taxable property in the School District (except for certain personal property which is taxable at limited rates) for the payment of principal of and interest on the Bonds. The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by Assured Guaranty Municipal Corp.

This Annual Continuing Disclosure Information Statement (the “Report”) is being provided pursuant to a covenant made by the School District for the benefit of the holders of the Bonds and includes the information specified in the Continuing Disclosure Certificate. For further information and a more complete description of the School District and the Bonds, reference is made to the Official Statement.

The information set forth herein has been furnished by the School District and other sources, which is believed to be accurate and reliable, but is not guaranteed as to its accuracy or completeness. Statements contained in this Report that involve estimates, forecasts, or other matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. Further, the information and expressions of opinion contained herein are subject to change without notice and the delivery of this Report will not, under any circumstances, create any implication that there has been no change in the affairs of the School District or any other parties described herein.

**THIS REPORT IS OF A FACTUAL NATURE WITHOUT SUBJECTIVE ASSUMPTIONS, OPINIONS, OR VIEWS AND MAY NOT BE RELIED UPON AS ADVICE OR RECOMMENDATION TO PURCHASE OR SELL ANY PRODUCT OR UTILIZE ANY PARTICULAR STRATEGY RELATING TO THE ISSUANCE OF MUNICIPAL SECURITIES OR PURCHASE OF FINANCIAL PRODUCTS. IN PROVIDING THIS REPORT, WILLDAN FINANCIAL SERVICES AND ITS EMPLOYEES (COLLECTIVELY “WILLDAN”) DO NOT RECOMMEND ANY ACTIONS AND ARE NOT ACTING AS AN ADVISOR TO ANY MUNICIPAL ENTITY, BOARD, OFFICER, AGENT, EMPLOYEE OR OBLIGATED PERSON PURSUANT TO SECTION 15B OF THE EXCHANGE ACT UNLESS SPECIFICALLY AGREED TO IN A SEPARATE WRITING WITH THE RECIPIENT. PRIOR TO ACTING ON ANY INFORMATION OR MATERIAL CONTAINED IN THIS REPORT, YOU SHOULD DISCUSS IT WITH APPROPRIATE INTERNAL OR EXTERNAL ADVISORS AND EXPERTS AND ONLY RELY UPON THEIR ADVICE.**

- (1) In landmark legislation, the fiscal year 2013/14 State of California (the "State") budget **replaced revenue limit funding** with the LCFF. As under the revenue limit system, the amount a school district is entitled to receive for general-purpose LCFF funds is financed through the local property tax revenue available to the school district, with the remaining balance funded by the State. The LCFF, along with categorical and special funding received from the federal and state government, finance most of the School District's services. For more information, see Section V. OPERATING INFORMATION – E. STATE FUNDING (REVENUE LIMITS / LCFF FUNDING) within this Report.

**Note:** Totals may not add up due to rounding.

### C. PENSION PLAN CONTRIBUTIONS

The School District participates in the State of California Teachers' Retirement System ("CalSTRS"). This plan covers all fulltime certificated employees.

The School District also participates in the State of California Public Employees' Retirement System ("CalPERS"). This plan covers all fulltime classified employees.

The School District's employer contributions to CalSTRS and CalPERS met the required contribution rates set by law.

For more information regarding the pension plans of the School District, reference is made to **Notes 7 and 8** of the School District's audited financial statements for the fiscal year ended June 30, 2025.

## **D. OUTSTANDING DEBT**

### **1. Capitalized Lease Obligations**

In June 2017, the GASB issued GASB Statement No. 87, *Leases*. GASB Statement No. 87 requires the recognition of certain assets and liabilities for leases which previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this statement a lease is required to be recognized as a lease liability with a corresponding intangible right-to-use lease asset. Additionally, the lessor is required to recognize a lease receivable and corresponding deferred inflow of resources. This statement was originally effective for fiscal years beginning after December 15, 2019, but due to the adoption of GASB Statement No. 95, the implementation date was extended to reporting periods beginning after June 15, 2021. As a result of the implementation of GASB Statement No. 87, the School District's capital assets and long-term Liabilities were both increased by \$1,628,711 on July 1, 2021.

The School District holds a lease agreement for facilities in connection with a school site. As the lease agreement does not contain a stated rate, management applied an estimated incremental borrowing rate to determine the net present value of lease payments.

The lease is scheduled to mature in 2026, with annual requirements to amortize the lease as follows:

| <b>Year Ending<br/>June 30</b> | <b>Principal</b> | <b>Interest</b> | <b>Total Lease<br/>Payments</b> |
|--------------------------------|------------------|-----------------|---------------------------------|
| 2026                           | \$101,734        | \$262           | \$101,996                       |
| <b>Total</b>                   | <b>\$101,734</b> | <b>\$262</b>    | <b>\$101,996</b>                |

## 2. Long-Term Borrowing

The School District's outstanding long-term indebtedness as of June 30, 2025 is summarized as follows:

## E. STATE FUNDING (REVENUE LIMIT/LCFF FUNDING)

The School District categorizes its General Fund revenues into four primary sources: revenue limit / local control funding formula sources, federal revenues, other state revenues, and other local revenues.

Prior to fiscal year 2013/14, school districts operated under general purpose revenue limit funding based on a school district's average daily student attendance ("ADA"). Revenue limit funding was calculated by multiplying a school district's ADA (using the greater of the current or prior year P-2 ADA) by the school district's revenue limit funding per ADA, with certain adjustments.

Set forth in the following table is the School District's ADA and revenue limit funding per ADA for fiscal years 2009/10 through 2012/13.

| <b>Fiscal Year</b> | <b>Un-deficit Revenue Limit per Unit of ADA <sup>(1)</sup></b> | <b>ADA <sup>(2)</sup></b> |
|--------------------|----------------------------------------------------------------|---------------------------|
| 2009/10            | \$6,502                                                        | 11,798                    |
| 2010/11            | 6,477                                                          | 11,743                    |
| 2011/12            | 6,621                                                          | 11,833                    |
| 2012/13            | 6,832                                                          | 12,021                    |

(1) The revenue limit total pertains to general education purposes and excludes categorical aid programs, certain capital outlays, and other special purposes.

(2) ADA consists of School District, County, and outside sources.

Effective fiscal year 2013/14, the State introduced a new formula, the Local Control Funding Formula (LCFF), to be phased in through fiscal year 2020/21. The landmark legislation ***replaced revenue limit funding*** with the LCFF. The LCFF consolidates most categorical programs in order to give local school districts more control over how to spend their revenues. At full implementation of LCFF, school districts will receive a uniform base grant per student based on grade span, a supplemental grant based on an unduplicated count of the targeted disadvantaged students ("unduplicated students") in the school district and an additional concentration grant based on the number of unduplicated students in the school district above 55 percent, with qualifying schools receiving an additional necessary small school allowance. The base, supplemental, and concentration grant amounts per student were set in fiscal year 2012/13 and are subject to cost-of-living adjustments thereafter.

Set forth in the following table is the School District's LCFF funding per ADA for fiscal years 2021/22 through 2024/25 and budgeted for 2025/26.

| <b>Fiscal Year</b>     | <b>Funded ADA <sup>(1)</sup></b> | <b>Average LCFF Funding per ADA <sup>(2)</sup></b> | <b>LCFF Funding per ADA at Full Implementation</b> |

## G. TEETER PLAN

The Board of Supervisors of the County adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"). So long as the Teeter Plan remains in effect, the School District's receipt of revenues with respect to the levy of *ad valorem* property taxes will not be dependent upon actual collections of the *ad valorem* property taxes by the County. However, under the statute creating the Teeter Plan, the Board of Supervisors could under certain circumstances terminate the Teeter Plan.
